

Final Vote Total and Distribution of Mandates

On September 2, 2025 Votem submitted a Certificate of Election with the final tally of voting election results. Based on this tally, the results and distribution of mandates were issued by AZM on September 3, 2025 based on mandate calculations previously presented to the AEC. The results are published on the AZM website at: <https://azm.org/us-wzc-election-certification>. The full vote and mandate calculation chart is attached.

The United States has 155 mandates and there were 223,460 valid votes, excluding those received by Achdut Israel. The electoral factor (quotient) was 1441.68. The chart below shows the votes and mandates for each slate.

Americans 4 Israel	382	0
Achdut Israel ¹ (disqualified)	1,509	0
TOTAL	223,460	155

Registered Voters

All delegates and alternates were properly registered voters.

¹ After the election concluded, the Achdut Israel slate was disqualified by the Zionist Supreme Court. As a result, 1509 votes are not included in the final tally of valid votes used for mandate calculation.
