

Results of the 2025 UK elections to the World Zionist Congress

The UK Area Election Committee (AEC) is pleased to announce the final results of the 2025 UK elections to the World Zionist Congress, as agreed by the AEC on Wednesday 30 July. This marks the first time in many years that open elections to the Congress were held in the UK with a voter turnout of 10,651 far exceeding previous elections.

To promote diversity in representation, the AEC implemented a cap of five mandates per slate. On 23 July, the Zionist Supreme Court issued a ruling that changed the method for redistributing surplus votes among slates surpassing the election threshold of 1/19 of the total vote.

In allocating the mandates to the slates, the UK AEC ensured full adherence to this ruling as well as to the previously agreed election rules, which were clearly posted and accessible on the voting platform throughout the process (see also attached).

The result of the final mandate allocation, as determined by the AEC in accordance with all legal and procedural guidelines, is as follows:

- Eretz HaKodesh – 5 mandates
- Our Israel – 5 mandates
- Shas Olami UK – 3 mandates
- Jewish Labour – Meretz – 3 mandates
- Orthodox Israel Coalition (OIC) – Mizrachi UK – 3 mandates
- All other slates – 0 mandates

The raw vote totals received by each slate were as follows:

Slate Name	Votes
Eretz HaKodesh	4,529
Our Israel	2,088
Shas Olami UK	1,153

Jewish Labour – Meretz	1,062
Orthodox Israel Coalition (OIC) – Mizrachi UK	1,005
Jabotinsky’s Israel – Stand With IDF	370
Kol Israel	325
Israel Solidarity Campaign UK	66
Hanoar Hatzioni	53
Total	10,651

The AEC thanks the co-chairs and their deputies and all slates, candidates, and voters for their participation in the election. We are also grateful to the Department for its support for the UK elections.

Shabbat Shalom,

Lea
