Brazilian Delegation – 2025 World Zionist Congress Elections

Introduction

This report presents the full scope of activities, data, and outcomes related to the participation of the Brazilian delegation in the 2025 World Zionist Congress (WZC) elections. It includes statistics from the registration process through the vote validation phase, the results by party, geolocation analysis of voters. The goal is to provide transparency, identify process challenges, and recommend improvements for future electoral cycles.

Voter Participation Summary

The election process was divided into several stages: registration, approval by AEC and voting&Payment. Only those who completed all required steps and whose payment could be confirmed were counted as valid votes.

Stage of Participation	**Total Individuals**
Registered voters	6,585
Approved to vote	6,080
Votes submitted	3,990
Payments confirmed	3,546
Verified votes (payment and vote matched)	**3,197**
Unmatched votes (unable to verify payment or vote link)	349

It is important to note that the 349 unmatched votes were excluded from the final tally due to lack of verifiable data. These cases typically resulted from voters either submitting a vote without a valid payment or vice versa.

Follow-Up Email Campaign (Unmatched Votes)

To address the unmatched votes, an email campaign was conducted on 21–22 July 2025 targeting voters with incomplete or inconsistent data. The campaign aimed to resolve outstanding payment confirmations and increase the number of verified votes.

Verified Vote Results by Party

The final number of verified votes was 3,197. The breakdown by party (or electoral list) is as follows:

Party Name	Verified Votes
Meretz Brasil	680
