

Good evening,  
we are writing to you as the Italian Election Committee.  
After long meetings we'd like to inform you that we agreed on the following  
decision regarding the upcoming elections:

The Italian Zionist Federation has worked in harmony and unity since its  
establishment and especially after the 38th World Zionist Congress with the goal  
to represent all Italian Jews.

Therefore the Election Committee for the 39th World Zionist Congress has  
established the following:

- Taking into account the harmony and unity under which the Italian Zionist Federation has been working, the Federation will strive to create a list of delegates that reflects all the factions and that will be agreed upon by a large majority.
- If the Federation won't be able to create a joint list, then it will hold the elections according to the Statute or if necessary by general elections to be held virtually with the help of the WZO.

Best regards,  
The Italian Election Committee:
