

## **Resolutions of the Zionist General Council XXXVII/5**

### **1. Condemnation of Declarations and Accusations against Jews**

**Whereas** Jews have come under verbal attack recently questioning their loyalty based on how they choose to vote; and

**Whereas** such declarations in the past have served as a call to treat Jewish citizens as undeserving of full rights and protections; and

**Whereas** questioning of Jews' loyalty – to either the State of Israel or the country in which they reside – brings up historic echoes of antisemitic rhetoric and tropes that could lead to further scapegoating, alienation, additional widespread Antisemitism, and even violence towards Jews; and

**Whereas** As members of the World Zionist Organization it is our duty to act in the best interest of Jews the world around and to protect the interests of the Jewish State wherever they may be threatened; and

**Whereas** The State of Israel has proudly stood up against Antisemitism from governments, military threats, non-governmental organizations or private citizens since its founding and has come to the defense of Jews under attack or the victims of persecution wherever they reside; and

**Whereas** There has been a dramatic uptick in antisemitic attacks in many countries around the world in the last three years, including a Neo-Nazi march in Charlottesville, VA, and murderous attacks in two synagogues in Pittsburgh, PA and Poway, CA.,

Therefore it was resolved that:

**The Zionist General Council resolves to call on the Government of Israel to strongly condemn any and all declarations or accusations against Jews questioning their loyalty based on their voting patterns in democratically held elections. The Government of Israel – the elected**

representatives of the Jewish State – must stand up and speak out against any and all threats to Jews, wherever they reside.

## **2. Boycott, Divestment and Sanctions and the Jerusalem Program**

**Whereas** Theodor Herzl, who founded this World Zionist Congress and was instrumental in the rebirth of the Jewish State, wrote in his inspiring famous books, *The Jewish State* and *Altneuland*, that anti-Jewish boycotts and imposts (the equivalent of sanctions) were types of persecutions against Jews that made a Jewish State necessary; and

**Whereas** the Israel Supreme Court called BDS against Jewish and Israeli businesses as "political terrorism" and upheld Israel's anti-boycott law; and

**Whereas** the Israel Supreme Court's decision upholding Israel's anti-boycott law further held that BDS directed at territories controlled by Israel is also unlawful; and

**Whereas** the Israel Supreme Court properly held that BDS is activity, and that penalizing BDS is not a matter of "free speech"; and

**Whereas** numerous U.S. states have anti-BDS laws or orders; and

**Whereas** BDS groups also target worldwide Jewry, and coerce, threaten and intimidate others to harm world Jewry; and

**Whereas** BDS groups admit that their goal is the destruction of the State of Israel; and

**Whereas** groups and individuals that promote and engage in BDS are causing economic harm to the State of Israel and all its people, and Jews throughout the world; and

**Whereas** on November 2, 2016, the Zionist Congress XXXVII Zionist General Council resolved:

1. That it shall be the policy of the Zionist Congress, the WZO, the Zionist General Council, and the Inner and Outer Executive, and to recommend to our representatives in Keren Kayemeth Lelsrael (KKL), and all Zionist Enterprises, the Zionist World Unions, and all other entities described in the WZO Constitution, to oppose and combat BDS in all its forms,
2. Including opposing and combating BDS against Jewish businesses and academic and cultural institutions and Jewish/Israeli individuals, artists and academics in Israel, in territories controlled by Israel, and around the world,

**Therefore**, support, directly or indirectly for Boycott Divestment and Sanctions (BDS) efforts, either directly or indirectly, and either “full” or “partial” BDS, is inconsistent with and shall be deemed a violation of the Jerusalem Program,

**And therefore:**

Action should be taken so that governments will enforce sanctions against the BDS activists.

Any organization or person supporting BDS must be excluded from the Zionist movement.

Appeals should be made to governments to institute prohibitions on demonstrations and activities of the boycott organizations, similar to the ban in some states of the US.

The Zionist movement will condemn all BDS and anti-Semitic incidents all over the world.

**3. Condemnation of Palestinian Authority/PLO Payments to Terrorists to Murder Jews, and Urging Urgent Remedial Action**

The WZO, the Zionist General Council, and the Inner and Outer Executive, and our representatives in Keren Kayemeth Lelsrael (KKL), and all Zionist Enterprises, the Zionist World Unions, and all other entities described in the WZO Constitution:

1. Hereby condemn the Palestinian Authority (PA)/PLO for paying terrorists and/or their families to murder Jews (so-called “martyr payments”); and
2. Resolve to press for urgent remedial action, including urging governments and organizations throughout the world to condition all further payments to the PA/PLO on the PA/PLO ending all such so-called “martyr payments.”

#### **4. Urging Universities to Combat BDS and Demonization of the State of Israel**

The WZO, the Zionist General Council, and the Inner and Outer Executive, and our representatives in Keren Kayemeth Lelsrael (KKL), and all Zionist Enterprises, the Zionist World Unions, and all other entities described in the WZO Constitution:

- a. Hereby urge universities throughout the world to take all lawful steps to combat antisemitic boycotts, divestment and sanctions (BDS) and the demonization of the State of Israel; and
- b. Urge universities throughout the world to assure that Jewish and pro-Israel students have a safe learning environment, free of harassment and discrimination.

#### **5. Encouragement of Aliyah**

**Whereas** the Zionist movement’s very right to existence is dependent upon Aliyah promotion; and

**Whereas** Aliyah needs to reappear on the public agenda forthwith; and

**Whereas** the incidence of Antisemitism in France is continually escalating in light of the bureaucracy encumbering the Aliyah process, and the negative impact on potential *olim* created by returning *olim*; and

**Whereas** bureaucracy acts as an encumbrance on the absorption process,

**The Zionist General Council requests** that the Israel Government, the World Zionist Organization, Keren Kayemeth

Lelsrael (JNF) and all the national institutions to act to remove obstacles in Aliyah absorption and especially towards recognition of non-orthodox conversions.

## **6. Concessions for Olim Finding Themselves at a Disadvantage on the Israeli Labor Market**

**Whereas** *olim* can expect a long absorption process on arrival in Israel, with the crux being the challenge of integration within the Israeli labor market,

**The Zionist General Council** calls upon the Israel Government to recognize swiftly diplomas granted by universities overseas and to alleviate difficulties for new immigrants, in terms of the process of recognition of academic degrees and diplomas. Professional licensing examinations shall be set at a high standard but shall correspond to expectations.

## **7. Resolution to Prioritize Aliyah Promotion from Endangered Jewish Communities**

**Whereas** the Jewish communities worldwide are under increasing danger, and have been experiencing increased attacks on synagogues, Jewish schools, Jewish groceries, rabbis and other individual Jewish men, women and children,

**The World Zionist Organization, the Zionist General Council and the Inner and Outer Executive** shall prioritize rescuing endangered Jews, above all non-emergency priorities, including by increasing the funding allocated for this purpose, and recommend to our representatives in Keren Kayemeth Lelsrael (KKL), the Jewish Agency for Israel, and all Zionist Enterprises, the Zionist World Unions, and all other entities described in the WZO Constitution, to prioritize such rescue.

## 8. Civil Society Organizations

**Whereas** Zionism is a movement which adheres to the basic principles of justice, equality and democracy, as specified in the World Zionist Organization Constitution [Article 2A]; and

**Whereas** the Zionist movement arose as a democratic movement in its substance and conduct, and was as such the Jewish people's first democratic mass movement after 2,000 years of exile; and

**Whereas** civil society organizations (non-profit associations, voluntary organizations and the like) represent a central instrument in terms of *young generation activities in Israel and the Diaspora*; and

**Whereas** there is today greater articulation from within society that seeks partnership in the process of shaping the face of society and state, rather than relinquishing this solely to the hands of the formal establishment,

### **The Zionist General Council resolves:**

**To instruct** the Zionist Executive to establish a forum of Civil Society organizations engaged in spheres relevant to the World Zionist Organization's activity;

**To instruct** that preference be given to contractual engagement with civil society organizations over entities whose *raison d'être* resides in profit lines, where both provide the same service, at the same price and quality.

## 9. Solidarity of the Zionist Movement with Diaspora Jewry

**Whereas** there is a historic, natural and national relationship between the Zionist enterprise in Israel and world Jewry and, in order to maintain this relationship, it is necessary that there be strong, proud and engaged Jewish communities around the globe with close ties to Israel; and

**Whereas**, in recent years, the gap between Israel and world Jewry has been widening and has manifested itself in different spheres of life- due, in part, to a lack of knowledge and familiarity between the two sides - and whereas there exist

many diverse Diaspora educational programs for learning about the State of Israel and very little educational content for Israeli society about world Jewry; and

**Whereas** the World Zionist Organization is a connecting factor between Israel and world Jewry and sometimes even represents the State of Israel to world Jewry, and its mission is, in part, to bring Israel and the world Jewry closer together and to encourage the national value of unity of the Jewish People worldwide,

**The Zionist General Council resolves:**

1. To use its connections to promote good relations, understanding and cooperation between decision makers in Israel, including the Knesset, State institutions, the Jewish Agency, etc., and Jewish communities around the globe.
2. To uphold education and training for policy-makers in Israel in order to foster a better grasp of Antisemitism and the diverse needs of world Jewish communities.
3. To support education about and exposure to world Jewish communities within Israeli society.
4. To coordinate its response to antisemitic figures, incidents, and expressions of Antisemitism with the relevant local Jewish community, to support Jewish communities' decisions in these instances, and to stand with world Jewry by refusing to normalize relations with public figures whom recognized local Jewish communities have boycotted due to Antisemitism.

**10. Israel and the Diaspora**

**Whereas** a number of countries, first among these being the USA, have made declarations about the transfer of their Embassies in Israel to Jerusalem; and

**Whereas** the process of transferring Embassies to Jerusalem is a declaration of Jerusalem as Israel's capital city,

**The Zionist General Council calls upon** the Executive of the World Zionist Organization to lead a campaign to promote the transfer to Jerusalem of Embassies of countries around the

world, and thus recognize and reaffirm Jerusalem as Israel's eternal capital.

## **11. Use of Proper Name “Judea and Samaria”**

**Whereas** the name “Judea” dates back to the Jewish Kingdom of Judah (928-527 BCE), and the name Samaria dates back to the areas of Judea resettled by Samaritans, and as such, are the proper historical names for these areas; and

**Whereas** United Nations Resolution 181 (passed on November 29, 1947) referred to the area as “the hill country of Samaria and Judea” and never used the term “West Bank” – which was not yet invented at that time; and

**Whereas**, in order to try to de-Judaize these areas, Jordan renamed Judea and Samaria and eastern Jerusalem the “West Bank” in 1950, shortly after Jordan conquered and began Jordan's 19-year illegal occupation of these areas in 1948; and

**Whereas**, the proper names used by the Israeli government are Judea and Samaria,

**Therefore**, the World Zionist Organization, the Zionist General Council, and the Inner and Outer Executive, will use and will recommend to our representatives in Keren Kayemeth Lelsrael (KKL) and all Zionist Enterprises, the Zionist World Unions and all other entities described in the WZO Constitution, to use the names “Judea and Samaria” in their statements, publications and maps, rather than the name “West Bank.

## **12. “Buy Israel” Diaspora Programs**

**Whereas** Boycotts, Divestment and Sanctions (BDS) have caused losses of businesses and jobs and livelihoods in Israel throughout all sectors of Israeli society; and

**Whereas** “Buy Israel” programs are an important method of combatting the loss of businesses and jobs and livelihoods in Israel; and

**Whereas** companies in the Diaspora that do business with Israel are also targets of, and have been harmed by BDS,

**Therefore**, the WZO, the Zionist General Council, and the Inner and Outer Executive, will promote and adopt, and will recommend to our representatives in Keren Kayemeth Lelsrael (KKL), and all Zionist Enterprises, the Zionist World Unions, and all other entities described in the WZO Constitution, to promote and adopt, “Buy Israel” programs in the Diaspora, encouraging their members and the public to purchase products manufactured in Israel and products made by companies in the Diaspora that do business with and in Israel.

### **13. Condemnation of UNESCO**

**Whereas** anti-Israel initiatives have arisen in many countries that have been debated in international forums, including UNESCO, and in light of the anti-Israel declarations,

**The World Zionist Organization and the Zionist General Council** hereby condemn actions of the United Nations Educational, Scientific and Cultural Organization (UNESCO) for denying the millennia-long Jewish connection to Jewish holy sites, including the Temple Mount, the Kotel, and Hebron, including placing Hebron on UNESCO’s list of endangered sites.

### **14. Education towards the Values Enshrined in the Israel Declaration of Independence**

**Whereas** the State of Israel’s landmark document is the Israel Declaration of Independence; and

**Whereas** it has emerged that – with the passage of over seventy years since its proclamation at the Declaration of the Establishment of the State of Israel – there is insufficient familiarity with this complex and impressive document in Israel and among Diaspora Jewry,

**The Zionist General Council** instructs the Zionist Executive to charge the Education Department and the Department for Diaspora Affairs with joint development of an educational program in Hebrew, English, Spanish, Russian, Arabic and Amharic, with the aim of teaching about the Israel Declaration of Independence, laying emphasis on the principles and values enshrined therein. The Zionist Executive shall dedicate a budget line in the 2020 World Zionist Organization budget, this being the year of the Zionist Congress XXXVIII, to provide the required funding to enable distribution of this program throughout Zionist Federations worldwide and across the formal and informal education system in Israel.

**The Zionist General Council** further recommends that the central theme for the XXXVIII Zionist Congress shall be: “The State of Israel’s Declaration of Independence.”

## **15. The Funding of Project Initiatives to Foster Education for Tolerance and Equality**

*“Zionism is a movement which adheres to the basic principles of justice, equality and democracy and which rejects discrimination based on origin, nationality, race, gender or sexual orientation.” [Article 2A of the WZO Constitution]*

**Whereas** there has recently been an upswing in the number of instances of intolerance and inequality in the Zionist and Jewish educational systems (both formal and informal) worldwide; and

**In view of** the increase in the number of incidences of inter-personal violence, both physical and verbal, expressed in the general and social media, which represent an expression of prevailing intolerance for others and special people within Israeli society and Jewish communities, such as: LGBTQ (the gay community), people with disabilities, special needs, and others,

**The Zionist General Council resolves** that the World Zionist Organization shall act, initiate and fund projects to promote education for all towards tolerance and equality within the

Zionist-Jewish informal and formal education systems in Israel and the Diaspora.

## **16. The Ethiopian Jewish Community**

**Whereas** it is clearly evident from their protest that this community, and the young generation in particular, are in need of support and advancement of their integration as equal citizens in the State of Israel; and

**Whereas** there resides an unfulfilled potential among members of the Ethiopian Jewish community, due to their absorption conditions,

**The Zionist General Council resolves** to focus on this community in its activities, through direction of funding for programs for the promotion and empowerment of young people within this community.

## **17. The Gay Community**

**Whereas** Zionism is a movement which adheres to the basic principles of justice, equality and democracy, as specified in the Constitution of the World Zionist Organization [**Article 2A**]; and

**Whereas** there is a commitment in the Declaration of Independence of the State of Israel to “*ensure complete equality of social and political rights to all its inhabitants irrespective of religion, race or sex*”; and

**Whereas** the LGBT community represents an integral part of Jewish and civil society in Israel and the world; and

**Whereas** Zionist activity in the Diaspora and the possibility of Aliyah to Israel have the potential to help the LGBT public to preserve their gender / sexual identity,

**The Zionist General Council resolves** to create a special unit in the World Zionist Organization, to promote activity of the LGBT population. A pilot will be conducted prior to the Zionist Congress in 2020.

## **19. Implementation of an Educational Program on the Subject of Jerusalem**

**Whereas** Jerusalem is Israel's eternal capital; and

**Whereas** the history of Jerusalem and its importance to the Jewish people do not form part of a regular curricular program in Israeli schools; and

**Whereas** many dates in the Hebrew calendar relating to Jerusalem are absent from the curriculum in *mamlachti* [general stream of] state schools, for the most part,

**The Zionist General Council calls upon** the Israel Ministry of Education to include a regular curricular program, to be integrated within the education system and laying emphasis on the importance of Jerusalem in the Jewish people's history and upon its unity.

## **20. Implementation of an Educational Program on the Subject of the San Remo Conference**
